## THE SEEMA SOOD ART EXHIBITION

“When the caterpillar thought its life was over, it turned into a butterfly”

To say that it has been extremely challenging for Seema for the last 25 years since she graduated with a double engineering degree and a Gold Medal from BITS Pilani, will be an understatement.

The Last 28 years of her life have been extremely tough as she has suffered through Rheumatoid Arthritis (RA) and has been bed-ridden.

After she lost her father she has had negligible source of income. Seema has taken to making paintings as a means to express herself and make a living. We invite you to her Art Exhibition to encourage her to continue to paint by purchasing her paintings and helping her make a sustainable living as she continues with this most arduous journey of her life.

Silver Oak Resort, Bengaluru  
June 28<sup>th</sup>, 4pm — June 30<sup>th</sup>, Noon
